Office Products create electronic music that is cut up, difficult, yet has humor and has been doing so for the last 8 years in Portland. David Chandler (Electronic percussion/Sampler) and Doug Theriault (Guitar/Live Sampler) create music that is completely composed on the spot and always full of surprises. Their music has been released in the U.S. and abroad with dozens of americas top electronic musicians.

Steev Hise is a Portland-based electronic audio and video artist. His work centers around the appropriation and recontextualization of pre-existing cultural artifacts; in other words, making new art from the old. He has presented his work across North America and in Europe and Australia, and has collaborated with a variety of other artists including Wobbly, The Evolution Control Committee, People Like Us, and the Tape-beatles.
